COMPLIMENTI

Avete scelto di acquistare qualcosa di particolare, perché i nostri tessuti offrono molto più che il semplice ombreggiamento. Sono tessuti che creano atmosfera e benessere, che rappresentano un importante elemento estetico del vostro ambiente, sia in casa che al lavoro. Il colore non è solo un elemento decorativo, ma è uno strumento artistico ben preciso, che ha un influsso di portata complessiva. Scegliendo un tessuto della nostra collezione, costituita da 380 diversi modelli, scegliete un prodotto tessile europeo high-tech di altissima qualità e lunga durata. Provate voi stessi e lasciatevi ispirare. Avrete anche la possibilità di abbinare il vostro tessuto al colore della struttura, disponibile in numerosissime varianti. I nostri rivenditori specializzati saranno lieti di offrirvi sempre la loro consulenza.

Anche in Internet troverete delle utili informazioni. Qui potete ingrandire tutti i tessuti per visualizzarne i dettagli e fare le vostre valutazioni: **www.stobag.com/collection**. Con il configuratore di tende potete fare delle simulazioni con il vostro sistema di ombreggiamento preferito: **www.stobag.com/designer**

Lasciatevi ispirare e buon divertimento.

Il colore dei campioni non è vincolante. Possibili differenze per ragioni tecniche di produzione.

SIMBOLI

PROTEZIONE DAI RAGGI UV

- UV 90** Il tessuto filtra più del 90 % della luce ultravioletta
UV 95 Il tessuto filtra più del 95 % della luce ultravioletta
UV 100 Il tessuto filtra il 100 % della luce ultravioletta

RAPPORTO TESSUTO

Il rapporto tessuto descrive la distanza del motivo che si ripete. Stampato non significa intessuto. Confrontate il modello scelto con il campione originale disponibile presso il vostro rivenditore specializzato STOBAG locale.

TESSUTI PER OMBREGGIAMENTO

TESSUTI CON PROTEZIONE SUPPLEMENTARE CONTRO ACQUA, FUOCO E CALORE

OMBREGGIAMENTO

CLASSIC UNI 6 CLASSIC STRIPES 16

- Massima stabilità ai raggi UV
- Colori brillanti ed estremamente intensi
- Particolarmente resistente all'acqua
- Particolarmente resistente allo sporco

DESIGN 24

STOBAG DESIGN | BRILLIANT 3D | BRILLIANT

- Fibre high-tech
- Estetica e sensazione al tatto eccezionali
- Resistenza alla pressione dell'acqua estremamente elevata
- Materiale dall'aspetto armonico e pregiato
- Protezione della pelle dai raggi UV ufficialmente certificata

STOBAG DESIGN 26

BRILLIANT 3D 27

BRILLIANT 28

PROTECT PLUS

PROTECT PLUS 30 RESISTANT 32

- Elevata stabilità ai raggi UV
- Rivestimento privo di ftalati
- Flessibilità

RESISTANT BLOCKOUT 33

- Ideale per applicazioni in pergole
- Aspetto opaco
- Peso ottimale
- Protezione da calore e intemperie

WATER 36

- Estremamente idrorepellente
- Trattamento anti sporco
- Bella struttura superficiale

REFLECT 38

- Superficie riflettente
- Efficace protezione dal calore
- Atmosfera fresca e piacevole
- Vista verso l'esterno e protezione antiriflesso

FIRE 39

- Difficilmente infiammabile
- Estremamente idrorepellente
- Ideale per il settore della ristorazione

FATTORE DI APERTURA

Il fattore di apertura definisce la larghezza dei fori nella tessitura, per esempio OF 4 %.

ALTEZZA DEL TESSUTO

In funzione dell'altezza del tessuto, sono necessari diverse saldature longitudinali o trasversali, in base al tipo di prodotto e alla dimensione.

TESSUTI PER VISTA VERSO L'ESTERNO E PROTEZIONE ANTIRIFLESSO

VISTA VERSO L'ESTERNO E PROTEZIONE ANTIRIFLESSO

SCREEN SOLTIS 40 42

- Protezione dal calore e possibilità di regolare l'infiltrazione della luce
- Buona vista verso l'esterno
- Protezione dal sole e antiriflesso
- Resistente alle intemperie

SOLTIS 88 43

- Compromesso ideale tra protezione dal calore e comfort della vista verso l'esterno
- Gradevole vista verso l'esterno grazie alla regolarità della texture
- Stabilità della superficie

SOLTIS 92 44

- Tessuto che offre un compromesso ideale tra protezione dal calore, vista verso l'esterno e protezione antiriflesso e da sguardi indiscreti

SCREEN SPECIAL 47

SERGÉ 600 47

- Stabile grazie all'anima in fibra di vetro
- Bicolor
- Vista verso l'esterno e protezione dal sole

SERGÉ 100 50

- Tessuto con fattore di apertura bassissimo, pari all'1 %
- Vista ridotta durante il giorno

TWILIGHT 51

- 100 % senza PVC
- Ideale protezione dal calore
- Perfetta protezione da sguardi indiscreti e riflessi del sole
- Trasparenza armonica

TESSUTI OSCURANTI

OSCURAMENTO

SCREEN SOLTIS 40 46

- Completamente buio
- Oscurante oppure opaco
- Efficace protezione dal calore
- Elevata resistenza meccanica
- Difficilmente infiammabile
- Facile da pulire

ELEGANTI SISTEMI DI OMBREGGIAMENTO

CLASSIC UNI | CLASSIC STRIPES

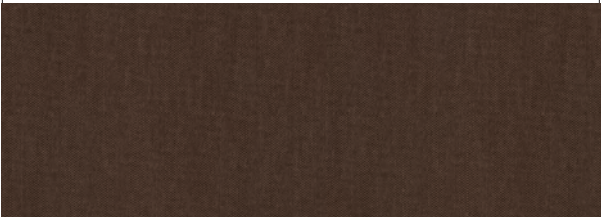

La protezione dal sole nella sua forma più bella, con un'ampia scelta di colori e motivi. Stile elegante e moderno, adatto per ogni gusto. I tessuti sono realizzati in fibre acriliche tinte in massa, a garanzia di una lunga resistenza dei colori in caso di uso frequente. Il tessuto assicura anche un'elevata resistenza ai raggi UV grazie al particolare rivestimento e offre un'eccezionale solidità del colore.

Tutti i rotoli hanno una larghezza di 120 cm.

A close-up photograph of a grey and white striped fabric, likely a textile sample. A red ruler is visible in the bottom right corner, and a white fabric sample is visible in the bottom left corner. The text is overlaid on the grey fabric.

**TESSUTI ESCLUSIVI
STRAORDINARI ALLA VISTA E AL TATTO**

DESIGN

L'effetto 3D del tessuto offre un'esperienza visiva e tattile particolare. La fibra CBA (Clear Brilliant Acrylic) conferisce al tessuto caratteristiche eccellenti e, a differenza dei materiali comunemente usati, risulta particolarmente liscia. Il risultato è un tessuto dalla superficie estremamente spessa, particolarmente resistente allo sporco, con colori vivaci che conservano più a lungo la loro luminosità. Il tessuto realizzato con questa fibra è anche particolarmente idrorepellente e garantisce un'altissima protezione dai raggi UV.

Per sottolineare ancor di più il carattere particolare, sono stati creati 10 diversi tessuti EXCLUSIVE, disponibili solo presso STOBAG, dal design particolarmente accattivante.

Tutti i rotoli hanno una larghezza di 120 cm.

**VISTA VERSO L'ESTERNO E PROTEZIONE
ANTIRIFLESSO IN UN UNICO PRODOTTO**

SCREEN SOLTIS | SCREEN SPECIAL

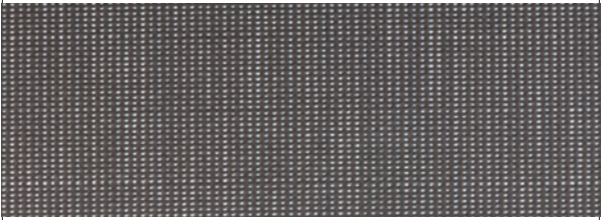

Pur impedendo la vista agli sguardi indiscreti, offre comunque una visuale verso l'esterno permettendo di riconoscere l'ambiente circostante. La texture dei diversi materiali di pregio garantisce una protezione ottimale da sole e sguardi indiscreti per i sistemi di ombreggiamento verticali. In base alle esigenze personali, è possibile avere diversi gradi di apertura in termini di trasmissione della luce e permeabilità all'aria, garantendo così un clima ottimale dell'ambiente.

 In funzione dell'altezza del tessuto, sono necessari diverse saldature longitudinali o trasversali, in base al tipo di prodotto e alla dimensione.

I NOSTRI FORNITORI

I tessuti e le polveri di rivestimento di alta qualità provengono esclusivamente da industrie europee e soddisfano i più alti standard qualitativi.

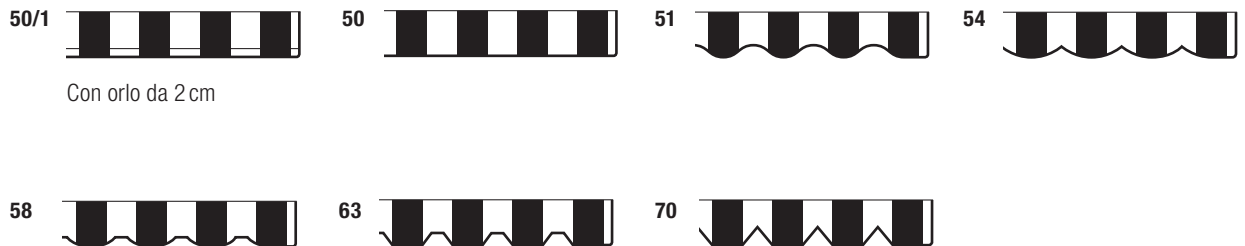

LA PROTEZIONE DAI RAGGI UV

STOBAG utilizza esclusivamente tessuti per protezione solare, testati secondo le norme vigenti (UV 801, EN 13758-1, AS/NZS 4399:1996). I materiali testati assicurano il 90–100 % di protezione dai raggi UV. Tutti i valori sono indicativi e si riferiscono agli adulti; la pelle dei bambini è molto più sensibile.

TIPO DI PELLE		1	2	3	4	5
CARATTERISTICHE		carnagione molto chiara capelli biondo chiaro o rosso, lentiggini	carnagione chiara capelli biondi	carnagione bruno-chiara, capelli castani, assenza di lentiggini	carnagione bruna, capelli castano scuro o neri	carnagione scura, capelli neri
Tempo di autoprotezione della pelle		5–10 min.	10–20 min.	20–30 min.	~ 40 min.	~ 60 min.
Tempo di autoprotezione sotto la tenda						
	UV 90	150–300 min.	150–300 min.	600–900 min.	~ 1350 min.	~ 1800 min.
	UV 95	200–400 min.	400–800 min.	800–1200 min.	~ 1800 min.	~ 2400 min.
	UV 100	400–800 min.	800–1600 min.	1600–2400 min.	~ 3600 min.	~ 4800 min.

LE FORME DEL VOLANT

L'altezza consigliata per il volant è compresa tra i 15 e i 20 cm, in funzione del tipo di tenda. Il taglio del volant viene adattato al passo delle righe. Per ragioni tecniche è possibile che un volant realizzato in un secondo momento presenti una differenza di rapporto fino a 6 cm. Importante: in fase di ordinazione, indicare il numero della forma del volant. In assenza di tale indicazione, sarà consegnato il volant standard n. 50.

LA PASSAMANERIA PER IL VOLANT

Sul volant viene cucita una passamaneria per creare un effetto estetico particolarmente bello. Per questo è importante, in fase di ordinazione del tessuto, indicare sempre il codice della passamaneria desiderata. Se non viene specificato nulla, sarà utilizzata la passamaneria in volta illustrata in questa brochure.

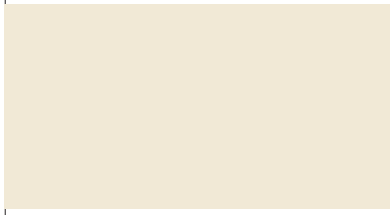

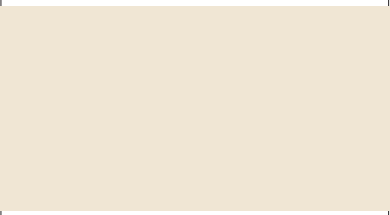

IN ARMONIA PERFETTA

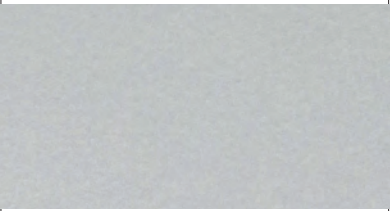

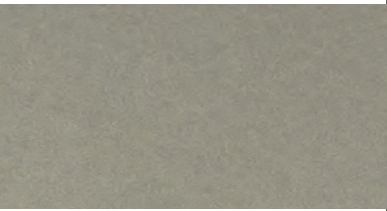

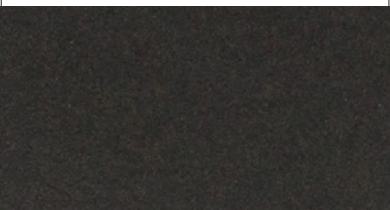

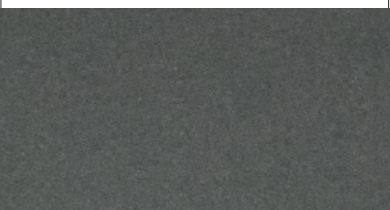

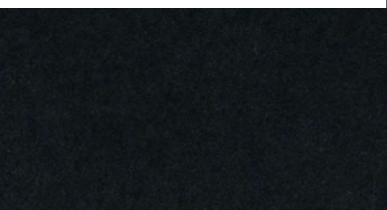

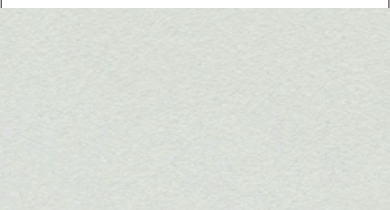

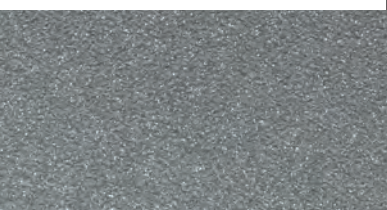

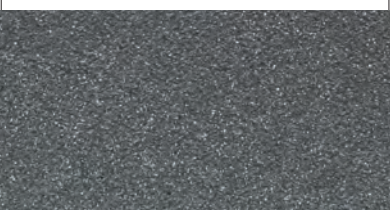

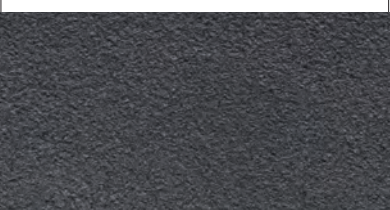

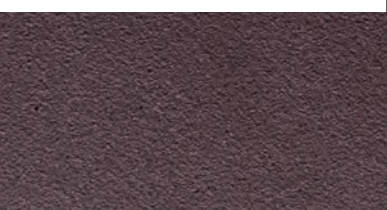

COLORI DELLA STRUTTURA

Grazie all'ampia gamma di colori e superfici è possibile adattare in modo armonico i colori della struttura al tessuto e all'ambiente circostante. Con il 14 CLASSIC e il 20 LIFESTYLE, oltre ai numerosissimi colori tradizionali della serie RAINBOW, il cliente avrà a disposizione un'ampia scelta in grado di soddisfare le più svariate richieste. Inoltre, tutti i profili e i componenti della struttura sono polverizzati, garantendo alla costruzione un'efficace protezione dalle intemperie.
